

NEW PRODUCT

Super High
Holding Power
CERTIFIED

“SARCA EXCEL”

The Future Generation in anchor design

SPRING STEEL SHANK (BISALLOY 80)

In all anchor sizes from 16kg and up

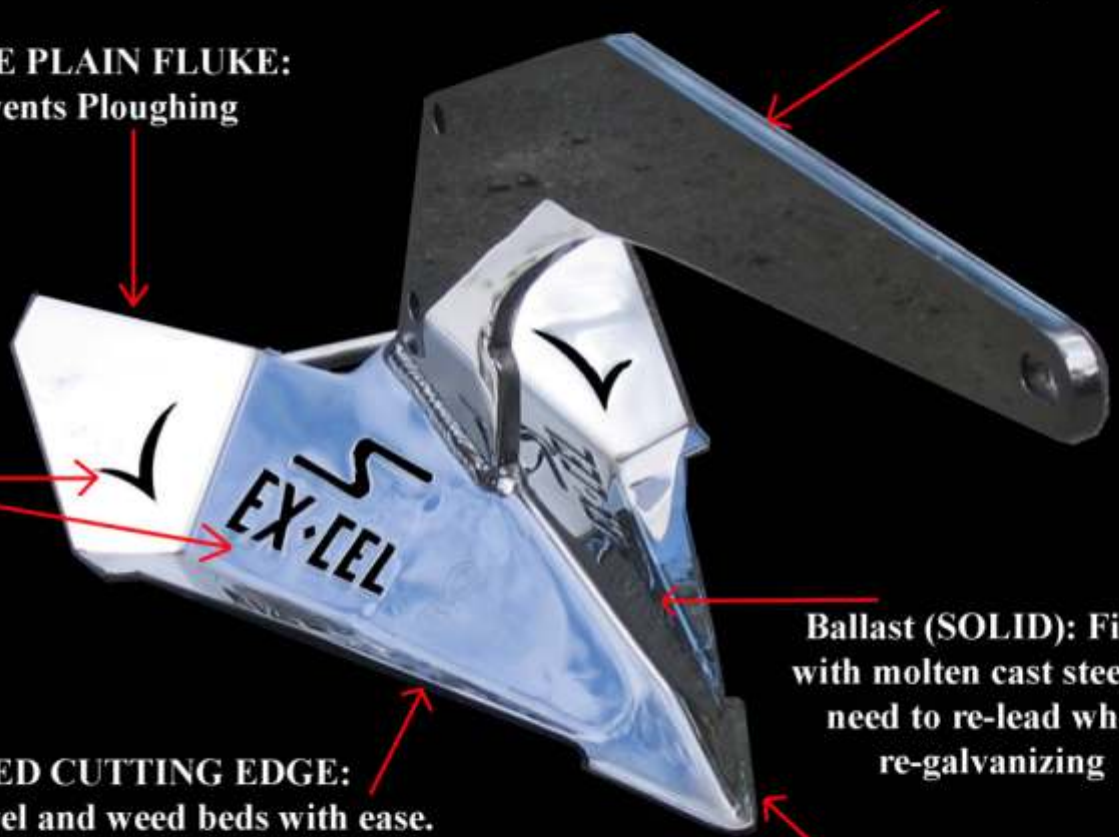

SINGLE PLAIN FLUKE:
Prevents Ploughing

Water
flow: Aids
fast deep
setting and
retrieving

EXTENDED CUTTING EDGE:
Penetrates gravel and weed beds with ease.

Turned down cutting toe
(BISALLOY 80):
Keeps the anchor hunting for any
advantage to hook up, or dig in

Ballast (SOLID): Filled
with molten cast steel, no
need to re-lead when
re-galvanizing

EXCEL is a MULTIPURPOSE design for many types of sea beds. You can now have unrivalled design strength holding power that is as good as, if not better than what the World has to offer.

STICK WITH CONVEX DESIGN AND LEAVE THE MUD BEHIND!
